

President's Message

Charlene Weaving – St. Francis Xavier University, cweaving@stfx.ca

Dear IAPS Friends,

I am hesitant to extend springtime greetings from typical snowy Nova Scotia (in 2015, we were still able to snowshoe in the beginning of May!!), but I do hope this finds you thriving in 2016. I am pleased to report that IAPS business has been progressing well. For example, we have begun to revise the IAPS Constitution and the general membership will vote on the revisions at the upcoming AGM this fall.

I would like to acknowledge my 'right hand dude' Peter Hopsicker who has spent heaps of time sorting through US tax law information in order to ease the transition of the transfer of the IAPS bank account from Canada to the USA. On behalf of IAPS, I wish to thank him for his patience and his efforts.

The following are some key themes that I highlight in my report:

Membership Renewal

Many thanks for those who have already renewed for 2016. For those who have yet to renew, Peter and I have sent you individual messages prompting and reminding—and we will continue to do so ☺! In order to present at IAPS 2016 (and get the reduced registration package rate) you must be a member in good standing and, therefore, we encourage you to renew ASAP. See the **Secretary-Treasurer's Report** for specific information.

IAPS 2016 Conference in Olympia, Greece

The second call for abstracts was distributed via the IAPS list serve on March 1st, and abstracts are due **March 31st**. Conference organizer Heather Reid has been working diligently on the logistics, and it looks to be shaping up to be a fantastic conference experience! We also encourage students to submit an essay for the student essay competition. Specific information regarding the conference can be found in the **Conference Chair's Report**.

Conference Chair	(2 year term)

Secretary – Treasurer’s Message

Peter Hopsicker – Penn State Altoona, pnh12@psu.edu

Greetings, Friends!

I hope all is well with you. Since my last report, I have been working on:

- Memberships
- Transferring IAPS funds to my local bank
- Researching our IAPS investments
- Researching the possibility of IAPS becoming an official non-profit organization

Let’s get to the details!

IAPS Membership as of March 9, 2016

Standard	103
Student	13
Total Membership	116

*For comparison, our total membership 2014 was 141; 2015 was 163. **Please note that presenters at the 2016 IAPS Conference must be members of IAPS (either student or full).**

RENEW YOUR MEMBERSHIP TODAY!

New and renewing members may register for 2016 IAPS membership by:

1. Visiting the Association’s website at <http://www.iaps.net/>
2. Clicking “**Join IAPS**”
3. Then clicking on “**Renew your IAPS membership**” (hyperlink below the ‘Online Registration Directions’ header)

Your IAPS membership includes:

- Print issues of the *Journal of the Philosophy of Sport* (JPS)
- Electronic issues of JPS
- Electronic access to the JPS archives (from the most recent issue to 1977)
- Electronic access to a second Routledge journal of your choice
- Access to the association’s newsletters.

2014 IAPS President-Elect George (Charlene’s 19-month old son) experiencing an existential crisis over the pre-lusory goals of skiing!

- Voting privileges

As of 2015, presenters at the IAPS annual conference *must be members* in good standing.

Your membership helps fund a number of IAPS related projects including:

- IAPS daily operation
- Costs associated with the Association Management Agreement with Human Kinetics
- Update and maintenance of our website
- Covering membership fees for the affiliations IAPS maintains with scholarly organizations such as International Council of Sport Science and Physical Education (ICSSPE), International Federation of Philosophical Societies (FISP), and American Philosophical Association (APA). These organizations provide services/information to IAPS members, chiefly among them is the opportunity to participate in their congresses.
- Conference grants
- Keynote expenses (in order to decrease conference registration fees)

MOST importantly, your membership helps students in a variety of ways:

- It sustains the Student Travel Award Fund, from which we allocate annually the Student Travel Awards.
- It contributes to the R. Scott Kretchmar Student Essay Award, which this year will be in its fifth edition.
- When you renew your membership for 2016, you will notice the option to donate to the Student Travel Award Fund. We encourage you to donate to this fund. Your generosity will make an important and direct contribution to the profession by helping students attend the annual conference (which should be an important part of their education). Furthermore, it is important to encourage student participation for the sustainability of IAPS.

If you have any questions regarding the renewal of your membership, please contact me (pmh12@psu.edu) or Human Kinetics representative Kim Scott at kims@hkusa.com

Questions related to JPS subscriptions should be directed to Jacqueline Tearle at Routledge, jacqui.society@tandf.co.uk

Student Travel Funds

The IAPS membership has been very generous, and I thank each and every one of you who donated to the IAPS Student Travel Fund. 26 members have donated a total of \$2,575 to date. Thank you very much!

News from the Journal of the Philosophy of Sport

Paul Gaffney (Editor) – St. John’s University, gaffnevp@stjohns.edu

This is my second report as *Journal of the Philosophy of Sport (JPS)* Editor. Since I began my work seven months ago I have gradually learned how to manage the various editorial functions of the ScholarOne website, which was challenging at first, but everything starts to make sense after a while. The people at Taylor and Francis have been very helpful and I have relied especially on John Russell’s experience and guidance as I encounter issues and think about how best to continue the work of the journal. So I guess I can say I am settling into the work.

As I write this report, *JPS* issue 43.1 is about to arrive. This issue includes a Special Section Festschrift devoted to the work of Robert L. Simon that includes ten articles from commentators plus a response from Professor Simon. These excellent studies investigate various aspects of Simon’s work and together with his response will stand as a permanent contribution to our field. The Special Section was guest-edited by R. Scott Kretchmar, who also contributed one of the ten articles. We are confident that the Festschrift will benefit our readers for years to come.

We continue to receive excellent submissions. In fact our submission rate appears to be on the rise, which speaks to the growing presence of *JPS* in the scholarly community and will allow us to maintain our standards in forthcoming publications. The steady flow of submissions has kept members of the Editorial Board busy and I thank them for their generous and dedicated work.

We are busy preparing articles for *JPS* issue 43.2, which will be published in July 2016 and for *JPS* issue 43.3, which will be published in October 2016.

IAPS Student Highlight

Calling IAPS Students:

We want to highlight YOUR profile in our newsletter! If you would like to be featured, please contact the newsletter editor for more information.

Mika Hämäläinen – University of Turku

Tell us about your recently completed degree!
At the University of Turku my supervisor was Professor Juha Räikkä. I completed the degree of Doctor of Social Sciences in spring 2015.

What is your dissertation topic?
My dissertation is titled *The Concept of Betterness and Sport Competitions*. It is an attempt to clarify disputes about which team or athlete was better in a particular sport competition. The dissertation

consists of an introductory part and five articles and the introduction is freely available on Internet: <http://urn.fi/URN:ISBN:978-951-29-6024-8>.

What is your primary research interest in sport philosophy?

I am interested in issues of ‘betterness’, or ‘cases where the best may not win’.

How has IAPS helped you thus far in your career?

IAPS has awarded me travel grants and the R. Scott Kretchmar Student Essay Award at the 2015 annual conference in Cardiff, Wales. More so, the meetings have enabled me to get to know the magnificent people in philosophy of sport community!

What originally got you interested in studying the philosophy of sport?

In 2009, I was reading an internet article in which a medical expert claimed that Caster Semenya, the South-African 800-metre runner, had gained an unfair advantage. However, the expert did not provide a philosophically satisfying explanation why the advantage would have been unfair. I wanted to demonstrate what was wrong in his explanation.

What are your hobbies?

I play floorball, volleyball, badminton, run, cycle... Sometimes I also bake (see my specially baked IAPS cookie) although I would not call baking my hobby :)

Note: From all of us on the IAPS Executive Board, we congratulate Mika on his graduation and wish him the best in starting his promising career!
